RISK MANAGEMENT OVERVIEW

DEFINITION OF RISK MANAGEMENT

Risk management is the process of assessing risk and acting in such a manner, or prescribing policies and procedures, so as to minimize loss associated with such risk. Our goal is to ensure that parents/guardians understand how risk management plays a part in our youth programs and to maintain compliance with our policies and guidelines during all youth activities.

WHY DO WE NEED RISK MANAGEMENT?

Risk Management is important because it:

- Protects the people, property, income and reputation of Delta Sigma Theta, Inc.
- Ensures the safety of all participants in our youth programs
- Proactively evaluates allocation of resources
- Allows us to focus on the enrichment of our youth participants
- Focuses on prevention

Youth programs face challenges to ensure that young people and volunteers are in a safe environment. It is important that Delta's risk management strategies are implemented in order to ensure that a positive learning environment is achieved, and that Delta's youth programs offer youth and volunteers an opportunity to engage in sound programs that are emotionally and physically safe.

RISK MANAGEMENT ROLES

Chapter President

- The chapter president is ultimately accountable for ensuring all national risk management policies, procedures and guidelines are followed and that all volunteers for chapter's youth initiatives/programs have successfully completed the risk management application and screening process.

Chapter Risk Management Coordinator

- The chapter's risk management coordinator is appointed by the chapter president and shall execute the risk management activities for the chapter and oversee the chapter's compliance with the requirements of Delta's risk management manual.

Youth Program Coordinator

She will oversee the youth program, including the youth participants and the volunteers.

The only exception is for one-time volunteers such as speakers, vendors or presenters who only participate in a single activity.

Who is a Volunteer?

- In Delta Sigma Theta, Inc., any individual participating in Delta's youth initiatives is defined as a volunteer. This applies to members of Delta Sigma Theta, Inc., and non-members (i.e. Deltas and non-Deltas).

What are the requirements for becoming a Volunteer?

RISK MANAGEMENT POLICIES AND GUIDELINES

Delta Sigma Theta Sorority, Inc. has implemented risk management policies and guidelines for all individuals who are involved in our youth programs and they can be found in the sorority's Risk Management Manual and the Youth Initiative Volunteer Guidebook. Following is a summary of relevant policies affecting our programs.

ACCIDENT PROCEDURES

In case of an accident, we will first attempt to notify the parents/guardians, emergency contacts, and then the child's physician. If it is impossible to reach any of the above, we will transport according to the emergency form listing, as necessary. Extreme emergencies may dictate other procedures deemed in the child's best interests. Whenever a child is injured, regardless of the severity of the injury, an incident form and applicable witness statements are completed and maintained.

ALLERGIES, ILLNESSES, SPECIAL NEEDS

Information relating to allergies, illnesses, and special needs must be communicated to the chapter.

YOUTH INITIATIVE PARENT/GUARDIAN GUIDEBOOK

Delta Sigma Theta Sorority, Inc.

We are happy to work with you to ensure your child is safe in our care. If it is a life-threatening allergy, please provide all details and emergency procedures to follow. All medications to be dispensed must be provided to the chapter. Additionally, all necessary medical forms must be provided to the chapter.

MEDICATIONS

Medication is administered only when accompanied by a properly completed medication form including the child's name, name of medication, time and amount of dosage and parent's signature. We provide the necessary forms for your use and will be provided by the chapter. Medication must be in its original container. Prescription medication must have a label stating the name and contact information of the pharmacy, physician, child's name, name of the medication and medication directions. No medicine can be given after the expiration date on the label. Over the counter medications such as Tylenol, Motrin, etc., are not administered by the chapter without the necessary forms on file with the chapter.

BEHAVIOR

All youth are expected to behave in a manner that is acceptable to our standards and must sign the Youth Code of Conduct. If a youth behaves in an unacceptable manner, the youth is redirected, shadowed, or removed from the activity for a brief period. Unacceptable behavior is defined as that which is to the group as a whole during structure and activity time, behavior which may be harmful, or behavior compromising the safety of the group or individuals. Physically or verbally hurting (bullying) other youth and/or volunteers is unacceptable. In the event that a youth continues to be disruptive, harms others, or put themselves at risk, the chapter has the right to dismiss youth from the program. Parents will be notified of such behaviors as they occur so we can work cooperatively on strategies and solutions.

DROP-OFF AND PICK-UP PROCEDURES

All youth must be picked up *and* signed out from the activity or program. In addition, all youth must be signed out by a parent, legal guardian or someone who is on the authorized pick-up list. Any additions to the pick-up list must be authorized by the parent/guardian in writing. Those unfamiliar to us will be asked to show a photo ID.

PARENTAL/GUARDIAN PARTICIPATION REQUIREMENTS

Parents or guardians who participate, visit, and/or observe youth initiative activities that require their interaction with other youth may be requested to complete Delta's criminal background check screening process.

Parents are responsible for transporting their child to program activities and events. However, if the parent allows another to transport their child, the parent must execute, as applicable: A Waiver and

It is a violation of Delta's risk management policy for volunteers to post photographs or videos of youth participants on their personal social media.

OUT OF PROGRAM ACTIVITIES AND CONTACT WITH PROGRAM PARTICIPANTS

There shall be no unsanctioned contact between volunteers and youth participants outside of Delta's youth initiative activities without the express written permission of the parent/guardian, or unless the parent/guardian is present.

FUNDRAISING

Youth participants in our national youth enrichment programs, e.g. Delta Academy, Delta GEMS and EMBODI, are not allowed to participate in fundraising activities to support their programs or other chapter programs.

Chapters may sponsor Jabberwocks, Cotillions or similar events as fundraisers. For these type of youth activities, youth participants are allowed to participate in fundraising activities.

Further, in order to protect the youth participating in Delta's fundraising events, we strongly advise that youths participating in our programs should not be allowed to solicit funds without being accompanied by you or a supervising adult.

Parents of participants in programs where fundraising is permitted can use crowd funding accounts to raise funds in support of their child's participation, but the crowd funding site must be reviewed by the Chapter President or a designee prior to being launched.
